

REMARKS/ARGUMENTS

Claims 5 and 7 have been withdrawn.

As to Claim 1 it has been amended to limit it to a single lumen catheter. Therefore, since Andrews et al., U.S. Patent 5,865,721 is a co-lumen catheter, it does not anticipate claim 1 as amended. In addition, since claims 4, 9, 10 and 11 are dependant upon claim 1, neither Andrews nor Andrews in combination with Valley et al., U.S. Patent 5,795,325 anticipate or render claims 1, 4, 9, 10, and 11 obvious.

Applicants respectfully request that a timely Notice of Allowance be issued in this Case.

~~Respectfully submitted,~~
